MEET THE CAST

Conner

(posh London accent) 20 y.o. Neurotic, passionate, and unhinged. An intense personality. Desperate to be taken seriously as an artist. Pretentious at times, but only as a mask for a much deeper need to be loved. Untreated bi-polar disorder.

Sorin

(Cockney) 33 y.o. Disillusioned and jaded. Crass and sarcastic. Infamous all-star contestant with a bad reputation. Has a good heart and is a kind friend to Connor. Generally wants the best for people, but is deep in the throws of addiction and is basically a mess.

Arianna

(Posh London accent) 39 y.o. DIVA. She is a dominant force and is always looking for how she can spin the narrative in her favor. Iconic all star contestant and former winner. She knows how to play this game and takes a lot of pleasure in coming out on top. This drive frequently gets in the way of her real love and affection for the people in her life.

Nina

(Newcastle accent) 19 y.o. Seemingly sweet and naive, but a bit ruthless when she's pushed to it. A determined and willful spirit. Deeper than she puts on. Bursting over with the urgency of grabbing the life she wants for herself. Unprepared and unable to face the consequences of her actions.

Tristan

(Posh London accent/open to other dialects) 29 y.o. Somewhat child-like, in the sense that his singular focus on his career has prevented a lot of emotional intelligence. Is the distant type and wants to remain polite in spite of his very un-polite desires. Is lost in himself and carried away by his long repressed feelings.

Daria

(posh London accent/open to other dialects) 32 y.o. Incisive, smart and secretive. All star contestant with a very successful youtube channel on popular culture. She's the first trans person to come on the show and is looking to keep a low profile, yet impulsively puts herself in a queer love triangle. Is struggling with trust and self-sabotage in dating.

Paula

(Cockney or Essex accent) 25 y.o. She is the jealous type. Fun and sassy and also a bit of your typical reality TV personality in the sense that she can pop off and isn't afraid to speak her mind. There is something charming and lovable about her. High Femme!

Mary

(Irish accent) 22 y.o She's a bit of a hot mess. Sarcastic, messy and out of fucks. A bit of a nihilist, with a hard edge that is trying to protect a lot of insecurity. Acts like she has nothing to lose and uses negativity to protect herself from hope.

Mikey

(cockney accent) 25 y.o. Total simp for Mary. Unflappable and willing to be desperate. A bit awkward but trying really hard to be hot and funny. A bit too goofy to be taken seriously, and totally out of touch with what's happening around him.

Simon

(cockney accent) 28 y.o. A bit of an arsehole. Cocky and slimy. Thinks he's god's gift to women. Doesn't have much of a filter. Completely clueless that he's being used as a beard.

Shannon

(London accent) 35 y.o. A mover and shaker who is making things happen. She's a puppet master with a heart. Struggling between wanting to make a good show and wanting to be kind to the cast. Is very pragmatic and ready to do what needs to be done in spite of her conscience.
